

PROVIDING PEACE OF MIND
Since 1982

Corin
Connected Orthopaedic Insight

Since inception, Corin has led the way in orthopaedic innovation — providing a faster, positive and more assured return to quality of life for people all over the world. Today, as a dynamic, growing, global business, Corin's approach is revolutionising orthopaedics.

They offer a unique combination of clinically-proven hip, knee, ankle and shoulder solutions and world-leading technologies that enable patients, surgeons and healthcare providers to connect more closely than ever.

As an existing customer, Corin tasked CIA with the design, installation and commissioning of a new networked access control system at their UK branch.

"Corin are pleased to be working together with CIA to improve our site security."

Mike Harding (Site Manager)

PROJECT SUMMARY

BUILDING TYPE

Medical Equipment Manufacturing Facility

REQUIREMENTS

Design, upgrade and commission of access control system

TECHNOLOGY

- Paxton Net2 System
- Fire Integration

Corin
Connected Orthopaedic Insight

We are...

- ...revolutionising orthopaedics by gaining, understanding and sharing insight at every stage of the joint replacement experience. With Connected Orthopaedic Insight we are closer than ever.
- ...personalising joint replacement with clinically proven implants, optimised by unique procedural technologies.
- ...empowering and rewarding our talented teams around the world to deliver excellence for customers and maximise value in healthcare.
- ...a strong, agile and profitable organisation that consistently achieves double-digit sales growth
